

## BIOGRAPHICAL SKETCH

Provide the following information for the key personnel and other significant contributors in the order listed on Form Page 2.  
Follow this format for each person. **DO NOT EXCEED FOUR PAGES.**

|  |                           |   |                |
|--|---------------------------|---|----------------|
| NAME<br>Jason Glanz, PhD   |                           | POSITION TITLE<br>Research Investigator |                |
| EDUCATION/TRAINING (Begin with baccalaureate or other initial professional education, such as nursing, and include postdoctoral training.) |                           |   |                |
| INSTITUTION AND LOCATION   | DEGREE<br>(if applicable) | YEAR(s)                                 | FIELD OF STUDY |
| Boston University, Boston MA   | BS                        | 1993                                    | Biology        |
| University of Massachusetts, Amherst, MA   | MS                        | 1998                                    | Biostatistics  |
| University of Colorado, Denver, CO   | PhD                       | 2005                                    | Epidemiology   |

### A. Positions and Honors

- 1998 – 2000 Biostatistician, Department of Preventive Medicine and Biometrics / Department of Behavioral Sciences; University of Colorado at Denver and Health Sciences Center, Denver, CO
- 2000 – 2003 Biostatistician, Department of Pharmacology; University of Colorado Health Sciences Center, Denver, CO
- 2001 – 2006 Senior Analyst/Epidemiologist, Institute of Health Research, Kaiser Permanente Colorado, Denver, CO
- 2007 – Present Research Investigator, Institute of Health Research, Kaiser Permanente Colorado, Denver, CO
- 2007 – Present Assistant Professor, Department of Preventive Medicine and Biometrics / Department of Behavioral Sciences; University of Colorado at Denver and Health Sciences Center, Denver, CO

### B. Selected Peer-Reviewed Publications (in chronological order)

Hoffman PL, **Glanz J**, Tabakoff B. Platelet adenylyl cyclase activity as a state or trait marker in alcohol dependence: results of the WHO/ISBRA Study on State and Trait Markers of Alcohol Use and Dependence. *Alcohol Clin Exp Res* 2002 Jul;26(7):1078-1087.

Snell LD, **Glanz J**, Tabakoff B. Relationships between effects of smoking, gender, and alcohol dependence on platelet monoamine oxidase-B: activity, affinity labeling, and protein measurements. *Alcohol Clin Exp Res* 2002 Jul;26(7):1105-1113.

**Glanz J**, Grant B, Montiero M, et al. WHO/ISBRA study on state and trait markers of alcohol use and dependence: Analysis of demographic, behavioral, physiologic, and drinking variables that contribute to dependence and seeking treatment. International Society on Biomedical Research on Alcoholism. *Alcohol Clin Exp Res* 2002 Jul;26(7):1047-1061.

France EK, **Glanz JM**, Xu S, et al. Safety of the trivalent inactivated vaccine among children: A population-based study. *Arch Pediatr Adolesc Med* 2004 Nov;158(11):1031-1036.

Koester S, **Glanz J**, Baron A. Drug sharing among heroin networks: Implications for HIV and hepatitis B and C prevention. *AIDS Behav* 2005 Mar;9(1):27-39.

**Glanz JM**, McClure DL, Xu S, et al. Four different study designs to evaluate vaccine safety were equally validated with contrasting limitations. *J Clin Epidemiol* 2006 Aug;59(8):808-818.

Hambidge SJ, **Glanz JM**, France EK, et al. Safety of trivalent inactivated influenza vaccine in children 6 to 23 months old. *JAMA* 2006 Oct;296(16):1990-1997.

France E, **Glanz J**, Xu S, et al. The risk of immune thrombocytopenic purpura following measles-mumps-rubella immunization in children. *Pediatrics* 2008;121:e687-e692

**Glanz J**, France E, Xu S, et al. A population-based, multi-site cohort study of the predictors of chronic immune thrombocytopenic purpura in children. *Pediatrics* 2008;121:e506-e512.

### C. Presentations

**Glanz J**, France E, XU S. A Population-based study of the Safety of the Pediatric Trivalent Influenza Vaccine: Vaccine Safety Datalink. Presented at the Advisory Committee on Immunization Practices (ACIP) Annual Meeting, October 17, 2002, Atlanta, Georgia.

**Glanz J**, Hambidge S, France E, McClure D, Xu S. The Safety of the Trivalent Influenza Vaccine in Children: An Application of Novel Vaccine Safety Screening Methods. **Invited Speaker:** Vaccine Safety Evaluation: Post Marketing Surveillance Conference, National Institutes of Health, April 10, 2007, Bethesda, Maryland.

**Glanz J**, McClure D, France E, Hambidge S. A Cohort Study of Parental Vaccine Refusal: Failure to Fully Immunize infants and the Risk of Pertussis Infection. Presented at the Pediatric Academic Societies' Annual Meeting, May 7, 2007, Toronto, Canada.

### D. Research Support (Selected Ongoing and Completed Projects)

#### Ongoing

Glanz, Jason M. (PI)  
Grant #: 1K01AI073295-01  
NIH/NIAID  
Vaccine Refusal: Clinical Impact and Parental Attitudes

|                       |              |
|-----------------------|--------------|
| 5/15/2007 – 4/30/2012 | 9.0 calendar |
| \$535,269             |              |

Glanz, Jason M. (Co-PI)  
Contract # 200-2002-00732  
CDC/AHIP  
Vaccine Safety Datalink: Comprehensive Link Data Collection of Medical Events and Immunization.

|                       |              |
|-----------------------|--------------|
| 9/01/2002 – 8/31/2012 | 2.0 calendar |
| \$14,500,000          |              |

Glanz, Jason M. (PI)  
Contract # 200-2002-00732  
CDC/AHIP  
Population Based Surveillance for Influenza

|                       |              |
|-----------------------|--------------|
| 9/30/2006 – 9/29/2007 | 1.0 calendar |
| \$249,602             |              |
