C. Research Support. (Selected Ongoing and Completed Projects)

ONGOING

NHLBI 1R01HL088198-01A1 Irene Blair, PI. 12/2008 - 11/2011
The Association Between Providers' Ethnic/Racial Biases and Hypertension The study investigates whether there are any associations between providers' unconscious ethnic/racial preferences and their patients' hypertension control. Role: Co-PI

KPCO 08-ABeck-06 A. Beck/D. Price, PI 1/2009 - 4/2009
Measurement-Based Care (MBC) for Depression in Primary Care: A Feasibility Trial of a Guideline Implementation Support Package to Implement MBC. This project tests the feasibility of implementing tools developed in the STAR*D trial for start-up, dissemination, and sustainability of depression population management models in a group practice setting. Role: Co-PI.

East Bay Community Foundation CO-07TPale-01 T. Palen, PI 12/2007 - 5/2009
Support and Clinician Education using Virtual Consults within Kaiser Permanente HealthConnect™ (KPHC)
This study investigates use of virtual consults and clinical messaging to see if they improve physician-physician communication, meets physician education needs, improves physician satisfaction, and fosters safe, cost-effective, evidence-based care during primary care - specialist transitions. Role: Co-Investigator

NIH / NIDDK 2 U01-DK48375-10 D. Nathan (PI) 9/01/02 - 2/28/14
Diabetes Prevention Program Outcomes Study
This multiyear, multi-center project investigates the persistence/long-term effectiveness of the effects shown in the Diabetes Prevention Program in delaying the progression of impaired glucose tolerance to type II Diabetes Mellitus, and the extent to which complications of diabetes are delayed. Role: Site Co-Principal Investigator

SELECTED COMPLETED

101-9716 Price (PI) 12/01/01 - 8/01/04
Garfield Memorial Fund
Screening and Treatment of Depression and Anxiety in Patients with Congestive Heart Failure
This project compared outcomes for depressed or anxious heart failure patients enrolled in a phone-based follow-up program compared to usual care. Role: PI
